# Be Ecstatic With Your SLUDGE PUMP!

Peristaltic hose pumps  
are a great long term  
solution for sludge transfer  
and feed to digesters,  
centrifuges, belt thickeners  
& filter presses

- Low cost of ownership
- Easy and quick in-situ maintenance
- Pump grit & rags problem free
- No seals or valves for a clear flow path
- Flow rates up to 350gpm @ 16bar
- Self priming & run dry capability
